i believe her she takes up town oh yeah  
she's a driver she throws me in gear oh yeah  
i could take her or i could leave her here  
sitting on a wagon heading to a morning saloon  
baby you could have it on a sleepy wasted afternoon

i got her she looks like a tree oh yeah  
when i'm around her i get to feeling somewhere  
and then she tells me she can't be discrete  
sitting on a wagon heading to a morning saloon  
well honey you could have it on a sleepy wasted  
afternoon

i believe her she takes up town oh yeah  
she's a driver she throws me in gear oh yeah  
i could take her or i could leave her here  
sitting on a wagon heading to a morning saloon  
honey you could have it on a sleepy wasted afternoon  
sitting on a wagon heading to a morning saloon  
honey you could have it but you better come and get  
me soon
