Strawberry Moonshine is the life of the night  
It's like the magic in a crystal pipe  
It's like the time when you know you're right  
Strawberry Moonlight

Strawberry Moonlight is the way that you feel  
When you know what you think is real  
And you're satisfied with what you feel  
Strawberry Moonlight

oh honey  
when you're sitting home alone  
couldn't you use  
some color from the old moon stone

It can be the light in your life  
It can be the light in your life  
It can be the light in your life  
Strawberry Moonshine  
shake it up

Strawberry Moonshine is a feeling you know  
like finding love in an old shadow  
a good feeling that won't let it go  
Strawberry Moonlight

Strawberry Moonlight is the life of the night  
It's like the magic in a crystal pipe  
It's like the time you know you're right  
Strawberry Moonlight

oh honey  
when you're sitting home alone yeah  
well couldn't you use  
some color from the old moon stone

It can be the light in your life  
It can be the light in your life  
It can be the light in your life  
It can be the light in your life  
Strawberry

Strawberry Moonlight  
Strawberry  
Strawberry Moonlight  
Strawberry yeah  
Strawberry Moonlight  
Strawberry Moonlight
