"Mad Pursuit"

Run, don't break
Aiming for the heart
Doll headache
This is just the start
Of a mad pursuit

Chasing down the telephone wire
Racing down the road
You can't lose her

Try to skip town
(She'll find you)
Track you like a hound
(Behind you)
Recklessly in pursuit of you

Catch you on the fly
(You're lazy)
She knows you're her guy
(So safely)
Recklessly in pursuit of you

Closing in
See her in the mirror
Here it goes again
The object's closer than it appears to be

But a crash
Of your getaway car
Drive like that
And you won't get too far

You try to skip town
(She'll find you)
Track you like a hound
(Behind you)
Recklessly in pursuit of you

Catch you on the fly
(You're lazy)
She knows you're her guy
(So safely)

Recklessly in pursuit of you

Behind you
(Watch out)
Behind you
(Watch out on the hills)

Crash and burn
This will be your thing
Now hold you tight
You just lost control of a mad pursuit

Chasing down the telephone wire
Racing down the road
You can't lose her

You try to skip town
(She'll find you)
Track you like a hound
(Behind you)
Recklessly in pursuit of you

Catch you on the fly
(You're lazy)
She knows you're her guy
(So safely)
Recklessly in pursuit of you
