Wie jeder weiss
wie alle wusten
wie alle wissen

Wie jeder weiss
Wie jeder wuste
Wie alle wusten
wie alle wissen
wissen das alle

wie viele menschen wissen
alle menschen wissen
fast alle menschen wissen
alle menschen sollten das wissen

—————
translation

everyone knows
everybody knew
everybody knows

everyone knows
everyone knew

everybody knew
everybody knows
does everybody know that?

how many people do know?
all people know
almost all people know
all people should know that
