Is anybody here okay?  
Lookin' for a simple answer  
Show me that you want to stay  
I can make it really happen

Lookin' like you're staying awake  
Wish it wasn't such a bright day  
Is anybody here okay?  
I can make it really happen

Fire away! Fire away!  
People around you, they are only afraid  
Cause you can blast them far far away

So you're fine, I'm okay  
Think of the problem, in a  
Three-story maze  
Never ever see them again

Lookin' at you through the sun  
Wish it wasn't such a bright day  
Is everybody here okay?  
I can make it really happen

Fire away! Fire away!  
People around you, they're only afraid  
Cause you can blast them far far away

So you're fine, I'm okay  
Think of the problem, in a  
Three story maze  
Never ever see them again

And again, and again and again and again  
Is anybody here okay?  
Is anybody here okay?  
Is anybody here okay?

In my youth, I had stories to tell  
Were they truth?  
You'll never know if it's a lie  
When I look up at the sky,

I see you (I see you), I see you

Fire away! Fire away!

People around you, they're only afraid  
Cause you can blast them far far away!

So you're fine, I'm okay

Think of the problem, in a

Three-story maze

Never ever see them again
