Hey you, fire breather
Till tomorrow, just whistle this tune
Don't you weep my daintily seeker
This is something you were born to do

You don't need to be afraid to fall
You don't need to be afraid to fall

You don't need to be afraid
You don't need to be afraid
You don't need to be afraid to fall
Woah!

Aren't you a lovely devil
Red hair in the reddening sun
The twilight was just a whisper
Nighttime is silence when talking is done

We don't even need to speak at all
You don't need to be afraid to fall

You don't need to be afraid
You don't need to be afraid
You don't need to be afraid to fall
All Right!

Cry out darling in the pillars under heaven's shade
Angels come to carry you away
Well your feet start to rise and your body it bursts into
flames
Sooooooooooooooooooooooooooooo...
You don't need to be afraid
You don't need to be afraid
You don't need to be afraid

You don't need to be
You don't need to be
You don't need to be afraid
Huh!
