## "Kaye"

Kaye, are you even real?  
Do you think that maybe we could be lovers once in a while?  
Say something I can feel  
I am never here and it's impossible to heal

Go ahead and understand me underneath that killer blue sky  
Go ahead and understand me please

Kaye, are you even real?  
Do you think we'll ever figure it out, I'm running out of hope  
Say anything you feel  
Maybe you can do it for the both of us and I'll untie the rope

Go ahead and understand me underneath that killer blue sky  
Go ahead and understand me please

Kaye, out there in the world I am full of their hate, their crime  
In here it's like we can be pure of heart  
Out there in the world I am left for dead don't help me  
In here we are both light and pure of heart

It's hard enough to breathe right here  
Let alone be right here, let alone here you say, "Love"  
It's hard enough trying to be strong right now  
I try to be wrong right now  
I try to be anything that doesn't scare her away

Kaye, out there in the world I am full of their hate, their crime  
In here it's like we can be pure of heart  
Out there in the world I am left for dead don't help me  
In here we are both light and pure of heart  
Pure of heart

Kaye, are you even real?  
Do you think that maybe we could just stay here?
