[Chali 2na]

Yo, Your image deceives what your people perceive  
Some people believe what the media feeds, TV MCs  
That try to bark hollow...pretend to be harsh fellows  
But be yellow and softer than marshmallows

[All]

Oh you one of them niggas!

[Juju]

Homo I'ma hurt ya feelings  
Name brand talkers...pretty ass earrings  
Where are all your women I ain't seen you with one  
The only bitch that ever loved you gotta call you her  
son  
Yeah, you that nigga...choch ass nigga  
No heart...won't even approach us nigga  
So you be humble man...stay in your place  
We them niggas that rumble and get in your face

[All]

Oh you one of them niggas!

[Marc 7]

Concerned with lookin' cute...nails done, eyes plucked  
Homie, what the fuck?...I mean really whassup  
Help a brother understand  
How self-admiration takes the soul of a man  
Damn, vain ass, plain ass, nothing ass niggas  
Get your punk ass out the goddamn mirror

[All]

You one of them niggas!

[Cuts: DJNu-Mark]

Real niggas do real things and that's a fact

[All]

Oh you one of them niggas!

[Cuts: DJNu-Mark]

Are you in with the heart or are you in it for the funds

[All]

Oh you one of them niggas!

[Aki]

Uh Mr. Know-It-All, flossy floss, all talk  
Head Mr. A&R ...we ain't hard, who the fuck said we  
was?  
You never heard us holla...Crip or Blood or I'm a thug

[All]

You one of them niggas!

[Zaakir(Soup)]

You wanna rhyme like that?  
You won't get signed like that  
Ya'll need the R&B track  
Or call some sister sluts  
Tell them...back that thang up  
'Cause only real niggas spit game that much

[All]

You one of them niggas!

[Chali 2na]

Right off the bat...what you speak is contrived  
Its like you're cloaked in a Pinocchio vibe  
And when you lie...you play with the dream  
You make it decay at the seams  
You can fix it...if you say what you mean

[All]

You one of them niggas!

[Juju]

Pick and choose who you beef with  
Leap froggy, Show me how real you keep it  
And know that you pussy all underneath it  
Now it's time for the 5 to expose your secret

[All]

You one of them niggas!

[Cuts: DJNu-Mark]

Shake up...foo's be faker than make up...HA!

[All]

Oh you one of them niggas!

[Cuts: DJNu-Mark]

Are you in with the heart or are you in it for the funds

[All]

You one of them niggas!

[Cuts: DJNu-Mark]

Knock this pretty boy kaz on they ass...each time we drop...kid

[All]

Oh you one of them niggas!

[Marc 7]

No time for idle chattin'...folks say what's happening  
'Til we go platinum...house in the Hamptons  
Bank account large...give sha-tan my cold regards  
There's a killer at large...and he murders his team?  
'Cause he strips black teens of all their dreams

[All]

You one of them niggas!

[Aki]

Yeah what you trying to prove  
Keep it gangsta where I'm from...means the G's move  
Now everybody wanna pop that shit  
Walk like a Crip...what part of the game is this?  
Don't get caught up the twist of some gang bang shit  
But then you probably would...fascinated with the hood

[All]

You one of them niggas!

[Zaakir(Soup)]

Man...enough is enough...I know that you're ghetto  
But thinkin' you tough?...your possie is deep  
And when you speak it's fuck the police  
Am I to believe...is that the way you really would be  
If only we see...what there is no cameras allowed  
And your bodyguard didn't have to hold your hand  
through the crowd

[All]

You one of them niggas!
