Ooooh (x2)

Good morning, good morning  
Good morning lemon water (?)  
Have I really, have I really  
Have I really woken from this sleep?

I tell you all my secrets  
As the preacher shouts no playing in the park  
All the little children leave  
As the years go by still praying in the dark

We're in from the outside  
It's a long way from home (repeat x2)

Good morning lemon water  
Have I really woken from this sleep?

In the theater of precious things  
I learn the truth, the truth that sings  
Everyone's afraid of the happiest feeling

We're in from the outside  
It's a long way from home (repeat x2)

Sitting on an endless staircase  
Books and tires and toys and disgrace  
Jealous of the feeling that I only  
Wanted you to kiss my hand

We're in from the outside  
It's a long way from home (repeat)

In the theater of precious things there is love

We're in from the outside

In the theater of precious things there is love  
(repeat x5)

There is love  
There is love

There is love  
There is love  
There is love
