Yeah, I'm maintaining with Jurassic 5
You know what I'm sayin',
My peoples up here
Biggie B, One Love...

[sample]

What we're about to do, and to show you
Is how we get along.
We get along with eye contact.
We also get along by listening to one another.
Not only that, but we also get along because of
rhythms
That we've learned during the course of the years.
But above all, there is harmony.
Because we got to listen to one another.
It's all about feeling good; it's a positive attitude
To make it work.
And what we're about to show you today
Is FIVE different versions
Of feeling good.
Yeah.

[concert sample]

B-Boys and B-Girls,
JURASSIC 5!
