[Charli 2na]

Yo, because of cash in the purse, guns blast in the hearse

A vast universe when the last is the first

The past been a curse, I need some aspirin to nurse

It's your casket in earth, or my ass when it hurts

A passionate burst of some last-minute work

First the human bodies are living last in this Earth

Puffing grass when it works, a bastard at birth

But at last planet Earth, 5 Jurass finish first

(Stashed in this verse) Burning like gas on a torch

(Graspin' a thought) Some don't see past their front porch

(Masked in a smirk) No doubt my class been alert

Verbal splash for your thirst, 5 Jurass finish first

[Marc 7even]

Yo, because of crooks in the game no one's acting the same

Not mentioning no names, merely passing the blame

Your ass been in flames since the cash went ka-chang

Now you can't stand the rain when my crew bring the pain

You a masculine myth who I constantly diss

As I bond with the Fish, understand we the 5th

Platoon, hit the dirt, wish you well, wish you worse

Your ass been cursed, 5 Jurass finish first

Bringing it back from the lost, we have to report

The trash on the chart make you have to resort

To leave the record store instead of quenching your thirst

But at last planet Earth, 5 Jurass finish first

[Charli 2na]

Yo, because of passing the course wife asking divorce

Taking half of your cash, now you bask in remorse

Turning rap into sport, I've mastered the part

Cause the trash on the chart leave you gaspin for art

Now if you've mastered the art, I'm askin with force

To mass of your thoughts, to your ass is a corpse

Cover grass in a burst, unfasten your purse

Give your cash to the clerk, 5 Jurass finish first

[Marc 7even]

Yeah, cause of tricks of the trade, some are virtual slaves  
A smirk will get raised once the pen hits the page  
While your thoughts of the stage and perhaps getting paid  
Relax in the shade, time passing in days  
I'm searching for ways to avoid the charade  
Cause when voices are laid, choices are made  
Be not afraid, people plastic on Earth  
Verbal blast bout to burst, 5 Jurass finish first

5 Jurass finish first (Repeat 2x)

[Charlie 2na]

Yo, because of passing the torch, puffing pipes with a bouche  
You a hype living loose with your life in the noose  
You invite many fools when you ligt chemicals  
Night of the living ooze, your ego makes many bruise

[Marc 7even]

You need to watch what you choose, what you give is what you get  
Some are lacking intellect in their quest for a check  
Is it love or respect, does the subject get you vexed?  
Only 4 bars to wreck, the situation is complex

[Charlie 2na]

Yo, you in constant pursuit to be the last in the house  
(Where's your wallet?) With the wife, deep stashed in her blouse

[Mark 7even]

Like "Without a Doubt" you can catch me on the B-side  
Cause the one who wins the war...

[Charlie 2na]

...is the one without pride  
J5 make you feel a lickle gaseous at first  
(Martin Lawrence) And yes I make you ask "Is that Lurch?"  
Either try this or lyrical madness that works  
Give your cash to the clerk, 5 Jurass finish first
