[Chorus: repeat 2X]

"All I see is murder murder, my mind state" -> 2Pac

"Makes it too late for cops in tryin' to stop the crime rate" -> Swift

"All I see is murder murder, my mind state" -> 2Pac

Murder murder murder, and kill kill kill!

[Eminem]

Left the keys in the van, with a gat in each hand

Went up in Eastland and shot a policeman

Fuck a peace plan, if a citizen bystands

the shit is in my hands, here's yo' life span

And for what yo' life's worth; this money is twice than

You grab a couple grand and lay up in Iceland

See I'm a nice man but money turned me to Satan

I'm thirsty for this green so bad I'm dehydratin

Hurry up with the cash bitch, I got a ride waitin

Shot a man twice in the back when he tried escapin

I want the whole pie, I won't be denied nathan

Maybe I need my head inside straightened

Brain contemplatin, clean out the register

Dip before somebody catches ya

or gets ya description and sketches ya

Then connects you as the prime suspect

But I ain't set to flee the scene of the crime just yet

Cause I got a daughter to feed

And \$200 ain't enough to water the seed, the best thing

would be for me to leave Taco Bell and hit up Chess

King

And have the lady at the desk bring

money from the safe in the back, stepped in wavin the

Mac

Cooperate and we can operate and save an attack

This bitch tried escapin the jack

Grabbed her by the throat, it's murder she wrote

You barely heard a word as she choked

It wasn't nuttin for her to be smoked

Then I slammed her on her back 'til her vertebrae broke

Just then the pigs bust in yellin "Freeze!"

But I'm already wanted for sellin ki's

And bunch of other felonies from A to Z like spellin

bees

So before I dropped to the ground and fell on knees
I bust shots, they bust back
Hit the square in the chest, he wasn't wearin a vest

[Chorus]

[Eminem]

Left the house, pullin out the drive backin out
We were backin out this lady's Jag started blackin out
Pulled the Mac-10 out, stuck it in her face
Shut ya yakkin mouth, 'fore I blow the brain from out
the back ya scalp
Drug her by her hair, smacked her up
Thinkin fuck it, mug her while you're there, jacked her
up
Stole her car, made a profit
Grabbed the tape from out the deck and offed it out
the window
like the girl on "Set it Off" did
Jetted off kid, stole the whip, now I'm a criminal
Drove it through somebody's yard, dove into they
swimmin pool
Climbed out and collapsed on the patio
I made it out alive but I'm injured badly though
Parents screamin: "Son, go in and call the police
Tell 'em there's a crazy man disturbing all of the
peace!"
Tried to stall him at least long enough to let me leap up
Run in they crib and at least leave with some little
cheap stuff
Actin like they never seen nobody hit a lick before
Smashed the window, grabbed the Nintendo 64
When they sell out in stores the price triples
I ran up the block jumpin kids on tricycles
And collided with an 80-year old lady with groceries
There goes the cheese, eggs, milk and Post Toasties
Stood up and started to see stars
Too many siren sounds, it seemed like a thousand
police cars
Barely escaped, musta been some dumb luck
Jumped up and climbed the back of a movin dump
truck
But I think somebody seen me maybe
Plus I lost the damn Nintendo and I must-a dropped the
Beanie Baby
Fuck it I give up, I'm surrounded in blue suits
Came out with a white flag hollerin "TRUCE TRUCE!"
(Don't shoot!) Surrendered my weapon to cops
Wasn't me! It was the gangsta rap and the peppermint
Schnapps

[Chorus]

[CHORUS scratches to fade out]
