[Jurassic 5]

Yo, we are no superstars

Who wanna be large and forget who we are

Don't judge us by bank accounts and big cars

No matter how bright we shine we're far from being
stars

Cause stars fall, and disintegrate before they hit the
Asphalt, they incinerate cause we came

Not to destroy the law but to fulfill

For those who appreciate those with skills

And fresh windmills, and graf that kills

What is a DJ without the scratch to build?

Without the elements, it's all irrelevant

Niggas love to Freestyle but hate to Fellowship

[Zaakir]

Yeah, taste the city's agenda, most of you outta town
niggas

Get caught up and turn bitter, the city of bullshitters

Where hopes are blown, not even money for the phone

Now tell me what's the solution, how to get back home?

[Charli 2na]

Yo, don't get caught up in glamor and glitz and camera
tricks

The Land of the Dead, before you come examine your
set

Where drama collects and women use special effects

Where amateur stunts can make a nigga damage your
fronts

[Akil]

Uh, the California Sunkist with a twist of limelight

Some set trip on the Sunset Strip

Belive the Hide Boulevard nice, the glamorous life

Many searching for the fame but can't afford the price

[Marc 7even]

She would turn you out if you wasn't prepared

She would tell you the things you wanted to hear

She would blur your vision when it once was clear

This chick is full of tricks so approach with fear, cause

[Jurassic 5]

Yo, we are no superstars

Who wanna be large and forget who we are

Don't judge us by bank accounts and big cars

No matter how bright we shine we're far from being stars

[Zaakir]

You say you love LA, you say the weather is great
Plenty sun in your face, you like the cars with bass
You like the way we paperchase and the women that shake

In the land of earthquakes and high crime rates

A lot of people is fake, this is Hollywood

We shape the minds of kids in every hood

We make your past situation look good

The nights filled with Shugs and I wish you would

[Marc 7even]

Can dance with Alvin Haley and Les Miserables

In this century city, you can walk on the stars

Sex, money, and murder, yeah it's all 4 to 5

Cause fame and passerby with the name immortalized

[Akil]

On the avenue of stars, many names are called

On the boulevard, known for leaving permanent scars

Many dreams get robbed, real movie macabre

Young heartthrobs get young heart sobs, cause

"Good evening ladies and gentlemen welcome to
Hollywood, California"

[Charli 2na]

The city of angel's wings represents people's hopes
and dreams

And the evil that men do that live life close to kings

And boast supreme, fancy cars, coats, and cream

Material things provoke more folks to scheme

Whether you paid your cost, Cali green made your call

The smog covers the city like a table cloth

Is it fame at fault? Entertainers labeled soft

The place where people come to lose their train of
thought

[Zaakir]

Despite the claims of what LA is and what it ain't

The picture the city paints that overexaggerates

Within the circus, if you're filling this service purpose

Some feel it ain't worth it, the city that's got you
nervous

And make you injure, and get up out of here nigga

Cause LA never considered for those that need baby
sitters

This is the hot bed for singles and newlyweds

Some looking for better gigs or fiending to make it big

It's the only place where stars are born

And we are the only ones that can't be worn

Out, by any place regardless of the cost

Cause brothers with big dreams, sometimes they get
lost cause

[Jurassic 5]

Yo, we are no superstars

Who wanna be large and forget who we are

Don't judge us by bank accounts and big cars

No matter how bright we shine we're far from being
stars

Cause stars fall, and disintegrate before they hit the

Asfalt, they incinerate cause we came

Not to destroy the law but to fulfill

For those who appreciate those with skills

And..., and...

What is a DJ without the (scratching)

Without the elements, it's all irrelevant

(I represent the real from the beginning to the end of it)
