Stanza I:

Seems like the rain wont stop pourin' down  
The streets are calm and unclouded  
I'm staring right of the window  
As my thoughts begin to wander

Refrain:

I know you are here  
I can feel you near  
Oh you, are with me  
Everytime I'm alone you got me, you got me

Chorus:

Dreaming Away to the sound of your voice  
I can hear you call I fall and I fall  
You got me drifting away, you're calling my name  
Like a melody, playing through my mind

Stanz II:

Under the same sky we are  
So close and yet so distant  
I wonder if I just missed you again as I walked  
Right out that door  
Did you get in that very instant I alighted the train  
Have I ever looked in your eyes not knowing it was you  
I've been waiting for, you got me

Repeat Chorus

Bridge

I have imagined all that you'll be  
You keep on running away from me  
Don't go (4x)

Repeat Chorus
