Beat the little one, did you really wanna teach me how
to run

I could open up my eyes, and teach me how to fly
Did you whisper over there, did you really wanna take
the time to care

Have you seen the sun rise, and incubate the flies

All my life, I gotta get you gotta face that fight
Because I really gotta shake that right, into the ocean
Do you swear, because I really gotta be unfair
And I never ever really understood, just how I love you

Are you feeling alright, did you really wanna talk to me
tonight

Did you take the time to find, and be let down
I'm sick of all your past, I'll never ever last
But I'll be the one to show you, and pass

All my life, I gotta get you gotta face that fight
Because I really gotta shake that right, into the ocean
Do you swear, because I really gotta be unfair
And I never ever really understood, just how I love you

All my life, I gotta get you gotta face that fight
Because I really gotta shake that right, into the ocean
Do you swear, because I really gotta be unfair
And I never ever really understood, just how I love you

All my life, I gotta get you gotta face that fight
Because I really gotta shake that right, into the ocean
Do you swear, because I really gotta be unfair
And I never ever really understood, just how I love you
now
