I want to walk right out the door
Don't even pack my bags
And I won't say nothing anymore
My momma said they're all filthy rags
Yeah yeah

When I stand inside the pouring rain and I
Don't even think that it would happen again and I
When I leave someone that I adore me
Then I don't come back there anymore

And if I could leave this life today
And all my answers in the rain
And when you leave me here alone
I cried all night to come back home
Yeah yeah

When I stand inside the pouring rain and I
Don't even think that it would happen again and I
When I leave someone that I adore me
Then I don't come back there anymore

When I stand inside the pouring rain
Come back to you
When I stand inside the pouring rain
Come back to you

There's still a lot for me to say
More than ever any words can say
You still don't know what I'm doing here
You think I talk too much have no fear

I think about you everyday
And every single time I pray
But there's a thousand things to do
I gotta think my things through

When I stand inside the pouring rain and I
Don't even think that it would happen again and I
When I leave someone that I adore me
Then I don't come back there anymore

When I stand inside the pouring rain and I
Don't even think that it would happen again and I
When I leave someone that I adore me
Then I don't come back there anymore
