Even I can erase all my imagination
But I wasted all I
Ohohohohoh
And I try to believe in the simplification
To be there when I arrive
At my destination

Feels like I was wasting just a bit more time
When we sing ohohohohoh
What if I never loved you
I tried but I could never be the one to say
When we sing ohohohohoh
I could never leave that way

Oohohohohohohohoh Oohohohohohohoh

You could see my elated disorganization
We were so on fire ohohohohoh
You make me feel like I'm nearing hyperventilation
When you call me a liar
Or is it my imagination

Feels like I was wasting just a bit more time
When we sing ohohohohoh
What if I never loved you
I tried but I could never be the one to say
When we sing ohohohohoh
I could never leave that
But I could never ever be that way
And you never laugh at my jokes oh no

Oohohohohohohohohohohoh

Feels like I was wasting just a bit more time
When we sing ohohohohoh
What if I never loved you
I tried but I could never be the one to say
When we sing ohohohohoh
I could never leave that

Feels like I was wasting just a bit more time
When we sing ohohohohoh

What if I never loved you
I tried but I could never be the one to say
When we sing ohohohohoh
I could never leave that way
