I know every word I said
Today was never enough to be the
Same as every feeling and the
Pain is undeniable

So live life just a little bit
Longer everyday I wait just to
Do it again don't want to
Waste my time to get any stronger
Just a bad bad feeling it's the one I hate

Please hear I don't understand
The words clear and they don't know
I have a new fear to me it seems
I got one last hope but I got no feeling

So live life just a little bit
Longer everyday I wait just to
Do it again don't want to
Waste my time to get any stronger
Just a bad bad feeling it's the one I hate

So live life just a little bit
Longer everyday I wait just to
Do it again don't want to
Waste my time to get any stronger
Just a bad bad feeling it's the one I hate

I know who I am it was the same as everyone
I knew it was strange but now it's real
Because I got no got no feeling

So live life just a little bit
Longer everyday I wait just to
Do it again don't want to
Waste my time to get any stronger
Just a bad bad feeling it's the one I hate

So live life just a little bit
Longer everyday I wait just to
Do it again don't want to
Waste my time to get any stronger

Just a bad bad feeling it's the one I hate
