On a night not unlike this
With a chill in the wind
And a moonlit mist
Daddy took Mama down by the bay
Kissed her and showed her
What words cannot say

They were meant to be
Sweet meant to be
Sweet meant to be
They were meant to be
Sweet meant to be, sweet meant to be

I know in my heart
I feel it right here
With you and me darlin' I have no fear
When our hearts meet on common ground
Our prupose is cleaar
And our faith is sound

We are meant to be
Sweet meant to be
Sweet meant to be
Oh, we are meant to be
Sweet meant to be, sweet meant to be

You can dream, you can wish, but something you know
You got the vision and I got the hope
Set a course for our mission
Together we'll carry it home
