I'll be waiting by the door when you come home
Waiting for the words
I've wanted to hear from you for so long
Everything could change
Anything is possible
In this world of miracles
I'm here, you're there
We're worlds apart
But still we share love deep in our hearts
I still cry over you at the drop of a hat
I lose control just like that
It's not too late
It's not too late
My love will wait
It's not too late
Anything is possible
In this world of miracles
There's never been anyone for me but you
For all my runnin' it's you
I keep coming back to
We can move this mountain
Together anything's possible
In this world of miracles
In this world of miracles
Anything is possible
In this world of miracles
