

Just Above Jealous "Reign Or Resign"

Visit "[Reign Or Resign](#)" on MotoLyrics.com

There's a perfect place and time

Where light shines through to the divine

And all the planets crumble in the sky

Stars burn bright and they collide

Twisting torture from inside

Becoming what defines a natural high

[Chorus]

Power within can spread too thin

Stretching from black to white

Calling for war, life can't be for

Ruling from day and night

What will be if none can see

Does not concern those who believe

A tantric end of time that is conceived

Nuclear war will dry the sea

The clouds cry an acid plea

Exploding with intense finality

[Chorus]

This black expanse cannot advance

No miracle will grant a chance

Falling toward an inaudible trance

Leave it to a change in stance

Give the world another glance

Let it make a try at defiance

[Chorus]
