You cant see what Iâ'm doing here
But I know
This won't sound as eloquent as your dreams
But I know
This is not your big fantasy So watch close
I assure this won't feel real
Just Enjoy

(Chorus)
All my hopes have come to this
Iâ'm not ready
Would I have to throw it to waste?
I need time

Iâ've bid you fair warning
Just Be wise
One last thing that I have for you
Don't look back

(Chorus)

One last thing that I have for you
Don't look back
