## "So Wrong"

Girl's so high now  
Don't know how she's walking in the high heels now  
All the boys are stalking  
Picking up the scent now  
And she's wondering how she's gonna pay the rent now

Checking out the young bucks  
Salivating  
As they circle around her snake hips  
Only letting one boy kiss her on the fake lips  
As she's working out exactly how to play this

Riding in a cab now  
All across the city  
Heading to his penthouse  
Sliding sticky fingers up of her flanks  
As the lies easily sliver from her wet mouth

Grinding in the hallway  
[?]  
And as they're falling through the doorway  
Pulling back  
She's stealing just enough time to say  
I believe a girl deserves a bit of foreplay

It's nothing personal  
All the users get used in the end  
It's nothing personal  
All the users get used in the end  
It's nothing personal  
All the users get used in the end, end, end, end, end,  
end, end, end, end

Pouring out the drinks now  
Keeps him talking  
Takes a bottle from her handbag  
Can't believe she's still relying on the same rag  
But at least she never had to wear a name tag

Walking in the streets now

Back across the city  
Pulling off her wig now  
As she drops his empty wallet in a black bag  
Stuffed into a gutter  
Calling for a [?]

All the users get used in the end  
All the users get used in the end
