Your two eyes, they speak to me  
Special treats and delicacies  
In your velvet corridors  
Sticky walls and sugar floors

Your fingers, they speak to me  
Butterfly wings on a slender tree  
You can take a walk down my avenue  
Sorbet sunshine melting through

There's a symphony of sirens in the air  
Tiny diamonds fall like rain upon your hair  
I've got a feeling completely beyond compare  
And I don't care, no, I don't care

You're the kinda girl I dreamt about  
But I had to do without  
Now I'm simply ravenous  
I just need a little push, push

Your mouth, it speaks to me  
Flicking tongues so sneakily  
I don't want this night to end  
Close my eyes and count to ten  
1, 2, 3, 4, 5, 6, 7, 8, 9, 10

There's a symphony of sirens in the air  
Tiny diamonds fall like rain upon your hair  
I've got a feeling completely beyond compare  
And I don't care

My girl she's luminous  
She gives me such a rush  
Feels like a teenage crush  
But I just can't get enough

My girl's a genius  
She knows all kinds of stuff  
Feels like my head might bust  
But I just can't get enough

My girl she's luminous

She gives me such a rush  
Feels like a teenage crush  
But I just can't get enough

My girl's a genius  
She knows all kinds of stuff  
Feels like my head might bust  
But I just can't get enough

There's a symphony of sirens in the air  
Tiny diamonds fall like rain upon your hair  
I've got a feeling completely beyond compare  
And I don't care, no, I don't care

There's a symphony of sirens in the air  
Tiny diamonds fall like rain upon your hair  
I've got a feeling completely beyond compare  
And I don't care, no, I don't care
