I'm finished
Why can't you admit it.
You were just so wrong
So wrong

I wonder if you had a reason
For not backing down
So back down

Now it's all up
All up to you.

Lets start from the end
And go back to when
Everything we had was new
And I didn't hate you.
For better or worse,
That's not how it works
Nothing left to talk about,
Get right or get out.

I've taken every breath that I can,
I might just forgive, but not forget
And I never counted on forever, you chose to cross the
line, this time

Now it's all up
All up to you.

Lets start from the end
And go back to when

Everything we had was new
And I didn't hate you.
For better or worse,
That's not how it works
Nothing left to talk about,
Get right or get out

The way that I feel right now
I could so be over you,
I'm over you, until

We start from the end
And go back to when
I didn't hate you.

For better or worse,
That's not how it works
Nothing left to talk about
So get right

If it's all gone away
Then theirs nothing to save,
Darling, heres one last kiss,
Do you want it to end like this

I'm finished, why can't you admit it, you were just so
wrong
