I don't wanna do this anymore  
I don't wanna wake up anymore  
I just wanna waste away the days  
Sleeping in a bed where dreams are made  
You can't be serious  
Everyone is curious  
When it comes to you  
And what you always do

I have so much to say  
But so little is said  
So much I wanna do  
But nothing gets done  
It's just one of those times  
When you put 'em down or fight  
Just to prove to those you've got it in you

[Chorus:]  
Life is full of choices  
But you're full of excuses  
Never knowing what's next  
Always being second best  
'Bout time you finally figured this out

[Chorus]

Don't burn bridges  
You'll be surprised  
How many times  
We've crossed over the same rivers  
Close your eyes  
And tonight  
We'll set aside  
All of our differences

[Chorus]

'Bout time you finally figured this out

[Chorus]
