I guess you had no idea that you could have persuaded
me
Girl you could have had me doing anything you
pleased
Know you should have took your time and thought of
what to say to me
Cus I'm not as hard as I make it seem to be
And it could have went so many ways, so many ways it
can go
Cus aint nobody feels the way that I feel when I'm alone
So if I said that I won't call then that could come natural
to me
You probably could have had it all you could have been
that lonely star
If we just went on
If we just went on (oh yeah)
If we just went on
If we just went on

Happiness exists, when you don't know a thing
So I hope you don't think this song is about you...
And only I can know, how close you came...
But baby I'm a pro at letting go. I love it when they
come and go
But it could have went so many ways, so many ways it
can go
Cus aint nobody feels the way that I feel when I'm alone
So if I said that I won't call then that could come natural
to me
You probably could have had it all you could have been
that lonely star
If we just went on
If we just went on (yeah)
If we just went on
If we just went on
If we just went on (oooh baby)
If we just went on
If we just went on (oh yeah)
If we just went on (oh yeah)
Yeh!
