Here's the cue the cameras are rolling
It's time for you to start, acting like yourself
Your so made up, we didn't ask for drama
So pull this knife out of my back
And act like the friend you never were

Whoa, what happened?
You spoiled the script, you made it through this

Dear old friend do you remember when
We were the hippest kids in this town?
Dear old friend do you remember when
You made that promise?
Boy, you've let me down

So all this time has passed and you're still a real class
act
It seems that time doesn't change anything
Do you know who you are?
It seems to me you forgot how to be yourself

Stop acting cause your not getting paid.
