The city's getting colder  
The summer's almost over  
And we're all running out of time  
The winter's coming closer  
The snow will soon take over  
And I'm still stuck in the meantime

Of these summer nights  
And what the winter might  
Bring our way, will we be okay?  
Or will the memories fade  
Like a photograph  
That's from the past  
That you wish you didn't take?

[Chorus 1:]

These are the days  
We will always remember  
And begin to miss come December  
When the town's cold, I'll let everyone I know  
I will never surrender

[Chorus 2:]

Until it's summer forever  
I won't surrender, 'til it's summer forever  
Until it's summer forever

I walk alone down the city streets  
The whole town is sound asleep  
I stopped sleeping  
But I can't stop dreaming  
And I keep reaching  
For my bigger better reason to give

From every sunrise to every sunset  
These are the moments that we'll never forget  
From every sunrise to every sunset

[Chorus 1]

[Chorus 1]

[Chorus 2]

These are the days  
These are the days  
These are the days  
These are the days I'll never  
I'll never forget  
I'll never forget

[Chorus 1]

[Chorus 1]

[Chorus 2]

These are the days  
These are the days  
These are the days
