I can't help but wonder how  
This fire keeps going out  
Even when we try to keep it burning  
It's hard to let you go  
And that's because I know  
That holding on is worth a little hurting...

### CHORUS

I don't wanna write a love song  
Not another love song  
I cannot take another painful melody  
I don't wanna write a love song  
Not another love song  
Until I know you're coming back to me  
I wish that you could stay  
I wish it everyday  
Even though our love is slowly dying  
What's a heart supposed to do  
When wishes don't come true  
It hurts so much it's hard to keep on trying...
