It's nights like these, I can't believe what I would give
for open space.
A breath of fresh air in this damn place, each minute is
more than I can take.
And, I know that I should -
I wouldn't even change it if I thought I could.
I held on (held on), for so long (for so long).
Now time is all I needed.
I am on my own, but, I'm holding strong...

I'm falling to pieces. I'm living each day like it's my last.
'Cause we had it all. We had it all, and we threw it away.
And, we threw it all away.
I'm falling to pieces, I'm falling pieces.

I've left my mark - before you left.
A spare way to nights in vacant beds.
Sleeping off my latest regret, and longing for "what
could have been..."
And I know, it's all just part of answering the call.
But, my bones are cold. My feet are searching for the
open road.
And, I'm on my own...

I'm falling to pieces. I'm living each day like it's my last.
'Cause we had it all. We had it all, and we threw it away.
And, we threw it all away.
I'm falling to pieces, I'm falling pieces.
I'm falling to pieces, I'm falling pieces.

This life we lead, will be the death of me.
I've seen things, no man should ever see.

I'm falling to pieces. I'm living each day like it's my last.
'Cause we lost it all...

I'm falling to pieces. I'm living each day like it's my last.
'Cause we had it all. We had it all, and we threw it away.
I'm falling to pieces. I'm living each day like it's my last.
'Cause we had it all. We had it all, and we threw it away.
And, we threw it all away.
I'm falling to pieces, I'm falling pieces.

I'm falling to pieces, I'm falling pieces.
I've seen things, no man should ever see.
