You tell me what, to do! Instead of helping me through!
I give you one last chance, to make this relationship to last!

I know you need me, I know you do.

You want me bad, but I'll do it on my own.
You need me bad, but I'll do it on my own.
Every time you're breaking up, my heart just fall apart.
But every time I'm moving out, you wants us to restart.
But I still need you! 'til the end! And then over, and again!
And I know that, you feel the same! When you're screaming out my name!

-Solo-

I know you need me, I know you do.

You want me bad, but I'll do it on my own.
You need me bad, but I'll do it on my own.
Every time you're breaking up, my heart just fall apart.
But every time I'm moving out, you wants us to restart.
But I still need you! 'til the end! And then over, and again!
And I know that, you feel the same! When you're screaming out my name!

You're eating all my future, and having a blast!
I'm sitting in my couch now, and sharing my past!
ONCE! I was RICH, YOU BITCH!
Stop whining now, because you're giving me the itch!

I know you need me, I know you do.

You want me bad, but I'll do it on my own.
You need me bad, but I'll do it on my own.
Every time you're breaking up, my heart just fall apart.
But every time I'm moving out, you wants us to restart.
But I still need you! 'til the end! And then over, and again!
And I know that, you feel the same! When you're

screaming out my name!
