Fan va du Ãœr lejd du Ãœr!

You've been walking in this town, searching for some time.

Nothing here is offered, nothing here is mine.

You woke up saturday afternoon, waiting for your chance.

Tried to get her number but she saw the mountain in your pants.

She didn't let you walk her home.

Another night off alone.

Everything you do brings consequences.

The words sex and girl don't make a sentence!

But sometimes you realise,

Everything will turn out bad.

- She's just something you'll never have.

You got your porno at your laptop, you're jerking off alone.

You're listening through your headset, when your mom gets home.

She is walking straight at your room, just to give a hug.

When she get in, you're about to cum, cum for jenna's jugs.

She didn't let you walk her home.

Another night off alone.

Everything you do brings consequences.

The words sex and girl don't make a sentence!

But sometimes you realise,

Everything will turn out bad.

- She's just something you'll never have.

Everything you do brings consequences.

The words sex and girl don't make a sentence!

But sometimes you realise,

Everything will turn out bad.
- She's just something you'll never have.
