Hey girl, what's going on is something on your mind?
It's all the same problem time after time!

So please tell me girl - cause you have something to say!
Do you want me here, or do you want me to go away?

Cause I can tell by the look that something's wrong
And I can see that you're trying but girl you can't be strong
Maybe it's time to try and make something new
Maybe as time goes by I'll be missing you

But we don't know!
No we don't know!
Cause we've lost ourselves, don't know where we belong...
We don't know!

You don't speak that much please girl explain
Cause I want to help you but it drives me insane
Don't keep your secret you can share it with me
You're like the most wierd lock and I can't find the key

Cause I can tell by the look that something's wrong
And I can see that you're trying but girl you can't be strong
Maybe it's time to try and make something new
Maybe as time goes by I'll be missing you

But we don't know!
No we don't know!
Cause we've lost ourselves, don't know where we belong...
We don't know!

-Solo-

But we don't know!
No we don't know!
NO WE DON'T KNOW!

No we don't know!
No we don't know
NO WE DON'T KNOW!

No we don't know!
No we don't know!
Cause we've lost ourselves, don't know where we
belong...
We don't know!
