Suddenly, I found myself  
Running out of lies, running out of excuses  
Here I stand, no apologies  
What else can I give  
To cover the betrayal

That's the living in me

Suddenly the truth is staring  
At my face, your face, his face  
Can't go on with this shit  
Running out of time,  
Got no time to lose

Here I'm standing, got no ideas  
The truth, they say, will never come

Here I'm standing, got no stories  
The fairy tale has just begun

I leave you now, with another lie  
As I always pretend, I am here  
Right back to where it all began  
Another circle ends  
Another broken heart
