Cause I have a task
I have a deadline
There's no more putting it off, it has to be done
From here on in
This day on
I no longer care who I hurt
Or what I have to do

(If these eyes could see into infinity
Would they show how long
I'd have to wait for you?)

Cause I have a task
I have a deadline
There's no more putting it off, it has to be done
From here on in
From this day on
I no longer care who I hurt
Or what I have to do

(Simply rhetorical)
The four of us may be here for a long time
We may be here till tomorrow
We have only one thing to do
And that's to make you remember every fucking word
we have to say
(You know that I will wait forever)
And we'll fucking do it

Cause I've seen written words
Typed letters
Soul-driven paragraphs that are more real than you

Fake plastic words you overuse
It's fucking annoying

(Sometimes
It's better
Knowing the question
Than it is
To know
The answer)

Cause we have a task
We have a deadline
There's no more putting it off
It has to be done
From here on in
This day on
I no longer care who I hurt
Or what I have to do

(Open wounds
In open skies
Umbilical razors rip the clouds apart
And we watch
We watch as infinity
As it pours
From within)

Cause the four of us may be here for a long time
We may be here for a short time
We have only one thing to do
And that's to make you remember every fucking word
we have to say
Just wait and see

(Spring forth to life
You are my machine
Built from the blood of innocent
And the tears)

Cause I've seen written words
Typed letters
And soul-driven paragraphs that are more real than
you

Fake plastic words you overuse
It fucking annoys me

(Every artery and every vein
Breathing and bleeding
Eternally)

Cause we have a task
We have a deadline
There's no more putting it off it has to be done
From here on in
This fucking day on
I no longer care who I hurt
Or what the fuck I have to do

(It was you who

Made their
Concrete shoes
But I
I am still
I am still
Responsible)

Cause we have a task
We have a deadline
There's no more putting it off it has to be done
From here on in
This fucking day on
I no longer care who I hurt
Or what I have to do

(I'm not
Apologizing anymore
I don't
Know what
The fuck
I'm sorry for)

Cause we have a task (I'm not sorry)
We have a deadline
There's no more putting it off it has to be done
From here on in (I'm not)
This day on (Sorry)
I no longer care who I hurt
Or what I have to do

(I'm not) Cause the four of us may be here for a long
time
(Sorry) We may be here till tomorrow
(I'm sorry) We're set to do one thing
And that's to make you remember every thing we have
to say
(And as you drown in the weight of your guilt) Just wait
and see
(I could swear that I was as tall as the sky) Just wait and
see
Just wait and see
Just wait and see (And from here)
Just wait and see (I can see)
Just wait and see (From infinity)
Just wait and see (Straight into forever)
Just wait and see (Forever)
Just wait and see (Forever)
(Forever) Just wait and see
