(I never said it was your fault
But I am going to blame you)

Cause when there's nothing left to count on
Count on being arrested for something you didn't do

That's justice failing

(Chorus)
(And I am not ready
To die
But you
Still have you're gun
To my head) My head

(I never said
I would care if you
Never wanted anything
Else from me)

Cause no matter how far you think you've come
No matter how far you think you've gotten
The justice always seems to fail

(Chorus)

(Break)

(Chorus)
