You say that I am nothing to you
I cry myself to sleep
A lonely burden on you is me
I have no one to turn to, I'm all alone
What did I do? What did I do?

Now I am older and still I feel the same way as before
An abandoned child lives inside of me
Still cries the same question
And waits for a hopeless answer
Still receives no reply
No reply, no reply

He took me in His hands
And showed me what I was missing
And taught me to forgive but not forget
Because that's not possible in this case, in this case
In this case

Please tell me why, I can't get it outta my head
These thoughts still haunt me, still I ask why
Please tell me why, I can't get it outta my head
These thoughts still haunt me, still I love you
Still I love you
