I just sit here waiting for you to call
Then I wonder if you're even calling at all
So many thought go through my mind
Wish you can be here all the time
Cause I'm lost without you and I can't just doubt you
And there's everything about you, I just can't live
without you
Cause I'm lost without you and I can't just doubt you
And there's everything about you, I just can't live
without you

I'm still sitting here waiting for much more (Text me
or something)
I can't take this, I'm walking out that door
So many thought go through my mind
Wish you can be here all the time
Cause I'm lost without you and I can't just doubt you
And there's everything about you, I just live without
you

I'm breathing in, I'm breathing out
Being with you is just no doubt
I'm going crazy and there's nothing I should do
I can't, Can't live without you

I pack up my things and get on that plane
Cause without you I can't be tamed

So many thought go through my mind
Wish you can be here all the time
Cause I'm lost without you and I can't just doubt you
And there's everything about you, I just live without
you

I'm breathing in, I'm breathing out
Being with you is just no doubt
I'm going crazy and there's nothing I should do
I can't, Can't live without you

Please girl stay with me
My heart is waiting for you
I can't take this no more

There's nothing I should do

I'm breathing in, I'm breathing out
Being with you is just no doubt
I'm going crazy and there's nothing I should do
I can't, Can't live without

I'm breathing in, I'm breathing out
Being with you is just no doubt
I'm going crazy and there's nothing I should do
I can't, Can't live without you

Cause I'm lost without you and I can't just doubt you
And there's everything about you, I just can't live
without you
