I'm fucking digital
Fucking digital
I'm fucking digital
Fucking digital
Fucking watch me now
Just watch me
Just fucking watch me now
Just watch me
I'm fucking digital
I'm about to get it started
3 2 1 let me blast off it's
Time for my limelight exposure
Pull up to your screen
Front seat if you wanna
I'm a post a youtube flick every week so
You can tell me why I will rise to the beat yeah
Call me the internet bitch
I'm a spin my web and catch these...
Motherfucking watch me go
Blast it off I'm a count it down like
6 5 4 3 2 1

I know you wanna see the way I rock
Rock ohh
I really wanna see them hands pop
Up ohh
I'm a post it
You can watch it
Gimme feedback
Then we can act it
Motherfucking get connected
Motherfucking get connected
