Looking out the window
Waiting for your headlights
To pull up in the driveway
It's really coming down tonight

You're scared that I won't make it through the storm
You should be here with me, safe and warm

I'll be waiting under the mistletoe
While you're travelling here through the winter snow
Baby think of me if it helps to get you warm
When the only gift that I really need
Is to have your arms right around me
Baby think of me if it helps to get you home
Home this christmas

Pacing down the hallway
Trying to fight the urge to call
I could almost hear a pindrop
Cept for the clock on the wall

And i'm scared that you won't make it through the
storm
You should be here with me, safe and warm

I'll be waiting under the mistletoe
While you're travelling here through the winter snow
Baby think of me if it helps to get you warm
When the only thing that I really need
Is to have your arms right around me
Baby think of me if it helps to get you home
Home this christmas

I'm praying that you make it home tonight
So we can lay down by the fireside
You and i
Till christmas morning
There's nothing else that I want this year
More than just to have you here
I'll be waiting

I'll be waiting under the mistletoe

While you're travelling here through the winter snow
Baby think of me if it helps to get you warm
When the only gift that I really need
Is to have your arms right around me
Baby think of me if it helps to get you home
Home this christmas

Looking out the window
Waiting for your head lights
To pull up in the driveway
It's really coming down tonight
