it feels like we've been out at sea
so back and forth thats how it seems, ohh
and when i wanna talk you say to me
that if its meant to be it will be, ohhh oh

so crazy in this thing we call love
and now that we've got it we just can't give up
i'm reaching out for you
got me out here in the water and i

i'm overboard,
and i need your love to hold me up
i can't swim on my own
its too much
feel like i'm drowning without your love
so throw yourself out to me, my life savor

never understood you when you'd say
wanted me to meet you halfway
i felt like i was doing my part
you kept thinking you were coming up short
its funny how things change cause now i see
so crazy is this thing we call love
and now that we got it we just gave up
i'm reaching out for ya

got me out here in the water and i

i'm overboard,
and i need your love to hold me up
i can't swim on my own
its too much
feel like i'm drowning without your love
so throw yourself out to me, my life savor

its supposed to be some give and take, i know
but your only taking and not giving anymore
so what do i do, so what do i do
cause i still love you, still love you baby
your the only one that can save me

i'm overboard,

and i need your love to hold me up
i can't swim on my own
its too much
feel like i'm drowning without your love
so throw yourself out to me, my life savor
