..lets go!
Hey baby, i gotta let you know
that ever since you left me, my world has been so cold.
Can you forgive me(ah ah), i know i did you wrong(did
you wrong)
but i know that love's still there and i'm still holding on.

So baby,
why don't you give me another chance, so may be
i can't turn all this around, so we can be
i know its you are one (x3)
so be my lady
come on just take my hand and let the love see
that we should be together, just you and me
baby we're meant to be (x2)
just you and me.

We should be together togdther, for-a-forever
coz you know how long that isn't to me (x2)
coz we should be together, for-a-forever
coz you know how long that isn't to me
b-baby, forever ain't enough, forever aint enough for
me.

Time's ticking i'm tryna find my way back home
to your heart my destination fly so low
the body about a few hours agn, ow ow ow ow
i promise girl, i can be the one you need
in paradise baby just you and me, believe
i need you girl, you're my air
without you i can't breathe.,ow ow ow

So baby,
why don't you give me another chance, so may be
i can't turn all this around, so we can be
i know its you are one (x3)
so be my lady
come on just take my hand and let the love see
that we should be together, just you and me
baby we're meant to be (x2)
just you and me..

Forever n ever n ever

we should be together together, for-a-forever
coz you know how long that isn't to me (x2)
coz we should be together together, for-a-forever
coz you know how long that isn't to me
b-baby, forever ain't enough, forever ain't enough for
me...
