Anytime you feel like you just can't hold on
Just hold on to my love and I'll help you be strong
But you're so afraid to lose, and I can't reach your
heart
I can't face this world that's keeping us apart
When I can be the one to show you
Everything you missed before
Just hold on now, cause I can be the one to give you
more
Yes you know

Anytime you need love baby I'm on your side
Just let me be the one, I can make it alright
Anytime you need love baby you're in my heart
I can make it alright

Now there's no way out
And I can't help the way I feel
Cuz baby you're the fire and I'll be waiting right here
You know my love is real baby, (yeah, yeah)

Anytime you need love baby I'm on your side
(You know) Just let me be the one, I can make it alright
(I can make it alright)
Anytime you need love baby you're in my heart
I can make it alright

That I could be the one to give you
All that you've been searching for
Hold on to my love, and baby let me give you more
You know, anytime

Anytime you need love baby I'm on your side
(You know) Just let me be the one (Let me be the one)
Baby, gonna make it alright
Anytime you need love baby you're in my heart
I can make it alright

Yeah, Yeah, Yeah
Ooh....

Anytime you need love baby I'm on your side
Just let me be the one, I can make it alright (Oh, oh)
Anytime you need love baby you're in my heart
I can make it alright
