Baby come close, let me tell you this
In a wish from my heart says you know it too
Maybe we both share a secret wish
And you're feeling my love reaching out to you

Timeless, don't let it end oh
Now that you're right here in my arms where you
should stay
Hold tight baby
Timeless, don't let it fade out of sight
Just let the moments sweep us both away
Lifting us away, we both agree
This is timeless, love

I see it all baby in your eyes
When you look at me, you know I feel it too (yes I do)
So let's sail away and meet forever baby
Where the crystal ocean melts into the sky
We shouldn't let the moment pass (moment pass)
Making me shiver, let's make it last
Why should we lose it?
Don't ever let me go

Yeah yeah yeah yeeeah yeah
Baby it's timeless (oh baby it's timeless)
Timeless
Don't let it fade ohhhh time (??)
Just let the moments sweep us both away (just let the
moments)
Lifting us away
We both agree this is timeless
This is timeless, love
