I feel like I never had this
Must not this feeling ain't going nowhere
You got my heart in the palm of your hands
And you got it on command
When you hurt girl I die
When you smile girl I'm alive
This is what I call love
That free falling sky diving love
Free falling into your heart
Falling for you
Jump ride an airplane just for you
Free falling for you
Telling the world just how it felt
Free falling just into your heart
I feel like I couldn't live without you
We've been waving through the worst things
Even saw the end of you and me
I still remember our hearts our vow
Please don't give up
When you hurt girl I die
When you smile girl I'm alive
This is what I call love
That free falling sky diving love
Free falling into your heart
Falling for you
Jump ride an airplane just for you
Free falling for you
Telling the world just how it felt
Free falling just into your heart
Falling
Baby woah woah
What I call love
Free falling
Sky diving
Love
Free falling into your heart
Falling for you
Jump ride an airplane just for you
Free falling for you
Telling the world just how it felt
Free falling just into your heart
