[Intro:]

You know
I've been counting the days
Since you left
Where did you do
But then I'm never giving up
I'll find you

[Hook:]

On top of the world
And I'm searching for her
Tell me why'd I have to let her go
Cause I can't live without
Her and I are in love
Tell me where did she go
Tell me where did she go

[Chorus:]

So I'm checking my radar
Checking my radar
Checking my radar
You're on my radar
Radar
Checking my radar
Where did she go
Where did she go (oh)

[Verse 1:]

Baby, I thought that I could be
Be without you, so easily
But I was wrong too
Ever thought this would turn around
Every minute that I'm away from you
My heart skips, skips a beat or two
But I've learned that I'm dependent on your love

[Chorus:]

I can't explain to you why I (I, I)
Every night I lay down, I cry
So I'm checking my radar
Checking my radar
Checking my radar

You're on my radar
Radar
Checking my radar
Where did she go
Where did she go

[Verse 2:]

Can someone tell me why men
Never sees what's in front of him
I was looking for more
Never realizing he had more

[Hook:]

On top of the world
(Top of the world)
And I'm searching for her
(Searching for her)
Tell me why'd I have to let her go
Cause I can't live without
Her and I are in love
Tell me where did she go
Tell me where did she go

[Chorus: x2]

I can't explain to you why I (I, I)
Every night I lay down, I cry (cry)
So I'm checking my radar
Checking my radar
Checking my radar
You're on my radar
Radar
Checking my radar
Where did she go
Where did she go

Where did she go
Said I'm trying to find you baby
Where did you go
Go go go go go
So I'm checking my radar
Checking my radar
Checking my radar
You're on my radar
(Said I'll go distance for you)
Radar
Where did she go
(I'll go said I'll I'll go)
Radar
Where did she go
(Oh)
Checking my radar
