We can move the biggest mountain, and I write right
through the deep sea
Limitless the sky, it seems when you are right here next
to me, baby
That's what love can do, ohhh
And I stop and stare and day breaks in, sunlight hits on
your face
When time stops and people freeze in place
But only you, only me and you,
That's what love can do,
Yeah yeahh
Chorus
Take my hand and then we go baby,
From the world don't let it go, baby
Never saw the bad can make me
Feel like we can stop,
Stop the world,
Loving this moment, every minute of it yeah
Stop the world, stop the world, stop the world
Yeahh, yeahh
We can stop the world, world
Loving this moment, every minute of it yeah
We stop the world, stop the world, stop the world
It's all in my hands but I feel that it's so much
more,
But because you live and breathe it seems
Like it's just holding me back
That's what love can do, ohhh
Cause when your lips meet mine, it feels like gods
around me smiling
The experience I feel when you are lonely, and I'm
like
Oh baby, hey
That's what love can do, ohh, ohhhh
Chorus
Ehh, stop the world
