They want you all good
No one could do anything to tear us apart
And we haven't got more met
And I've messed up and did the unthinkable

I wish I could go back in time again
Find a place we making love
Wish I could go, what time is it?
Replace what you and me, what we had

I had some times when I had to leave you
Waiting to the€ take my dirt bag, come home to you
Now when it's on time you'da moved on
Now it feels like the end of the world cause I'd die
without you

Cause I never hurt the same, what I'm do with you?
Can no other woman hold me down like you
Now I'm going out there
Somebody press fast forward into the future
Say I can't go back in time, I'd try to undo it

I wish I could go back in time again
Find a place we were making love
Wish I could go through a time machine
Replace what you and me, what we had

If I had a time machine
If I had a time machine
If I had a time machine

When it goes wrong, I would go in and I would fix it
All the times I was late and I never mind
All those girls I had most close and they didn't care
I would re-trace all of my selfs in time

I wish I could go back in time again
Find a place we were making love
Wish I could go through a time machine
Replace what you and me, what we had

I've got a time machine
Uh baby if I had a time machine I would go back
I would go back in time
