I wish I had the power
To save you from the hurt
And end all your, pain
But he's in control
Even when it hurts the most
Wipe away your tears
But I know
that with him on our side
we will be, just fine

I'm feeling so powerless
I can't do it on my own
I think I'm gonna wait it out
Wait it out
Take control of my problem
Make it a solution
Wait it out
Wait it out
I'm gonna wait on you

When nobody is there, to answer
And it seems everything has fallen
I'm in need of your shelter [oh]
I wanna be in your, arms
Cuz I know that with you on my side
I will be, just fine

I'm feeling so powerless
I can't do it on my own

I think I'm gonna wait it out
Wait it out
Take control of my problem
Making my solution
Wait it out
Wait it out
I'm gonna wait for you

When it seems like my backs against the wall
I can escape, my misery [Yeah]
I turn to you [Turn to you]
To got me through

I need
You....
Oh.....
Ho....

I think I'm gonna wait it out
Wait it out
Take control of my problem
Make it a solution
Wait it out
Wait it out
I'm gonna wait for you
I'm gonna wait on you
